

# Garden RAILWAYS®

## 2019 Index

**SPRING**  
(36/1)

**SUMMER**  
(36/2)

**FALL**  
(36/3)

**WINTER**  
(36/4)

This index was compiled to assist the reader in finding information in the 2019 issues of *Garden Railways* magazine. It covers four issues, from Spring 2019 through Winter 2019. There are hundreds of entries, cross-referenced by article title, author's name, and subject.

### Using the index

All categories are delineated as follows:

- The AUTHOR'S NAME is in capital letters. Below the author's name is a listing of his/her article(s).
- The **Article titles are all in boldface type** and are listed both under the author's name and alphabetically within the index.
- The Subject listings are all entered in plain type and may include subcategories.

At the end of each listing you will find numbers, such as 36/3 36. The first number is the volume; the number after the slash is the issue number; and the last number is the page on which the article begins. The above example would translate as volume 31 (2014), number 3 (Fall), page 36.

### The product-review index

Also included is a supplemental index of all products reviewed in GR during 2019. It is cross-referenced by the type of product and the manufacturer. The manufacturer's name is in **boldface type**, and the products are in plain type. Volume and issue numbers follow each entry.
